MAJOR UPDATE FOR "GIGA WRECKER", INCLUDING NEW STAGE AND BOSS

Tokyo, Japan – GAME FREAK (Setagaya-ku, Tokyo. President and representative director: Satoshi Tajiri) is pleased to announce the major update of "GIGA WRECKER", currently released for Early Access on the online gaming platform Steam.

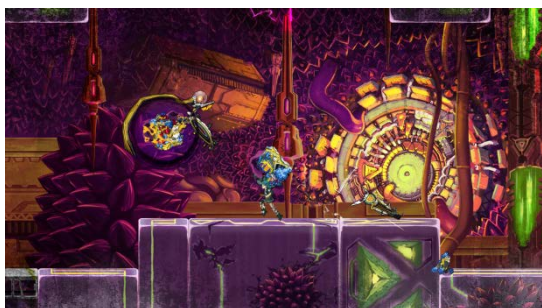

[UPDATED FEATURES]

■ NEW STAGE “Daršana Laboratory”

In the enemy’s research laboratory “Daršana, Temple of Seekers”, the player character will encounter new enemies and stage gimmicks.

Also a new character Shiori Shiragami, the professor’s assistant will support the player character through the stage.

※ Game is under development. Pictures and game designs may vary from the final release version.

■ NEW STAGE BOSS “Astra Kadru”

“Astra Kadru”, Chief of Intelligence of the robot army, awaits the player at the end of the stage. Confront her in the game, and conquer her moves and abilities.

※ Game is under development. Pictures and game designs may vary from the final release version.

■ OTHER UPDATES

- You can collect blueprints and switch your weapon graphics in the “ARCHE Ability” mode.
- The player character’s maneuverability (speed, jump etc.) has been adjusted.
- New gimmicks and objects from the laboratory has been added to the Level Editor.
- The background music and graphics can be changed, by switching themes in the Level Editor.
