

FOR IMMEDIATE RELEASE

THE STORY CONCLUDES IN THE BETA UPDATE FOR "GIGA WRECKER"

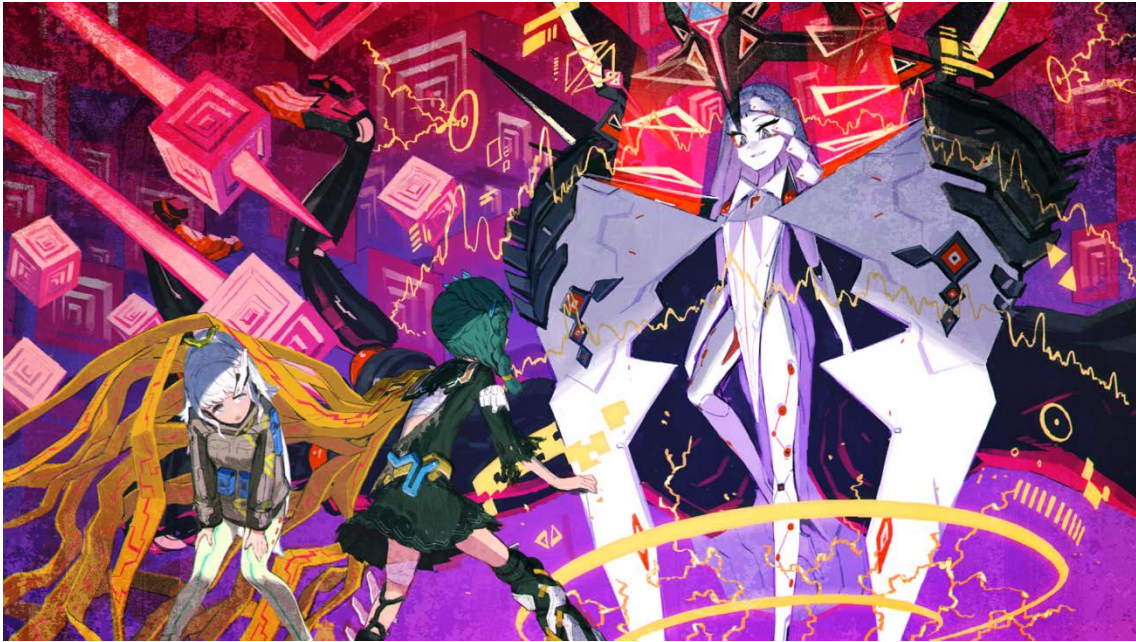

Tokyo, Japan – GAME FREAK (Setagaya-ku, Tokyo. President and Representative Director: Satoshi Tajiri) is pleased to announce a major update to “GIGA WRECKER” , currently released for Early Access on the online gaming platform Steam.

【UPDATED FEATURES】

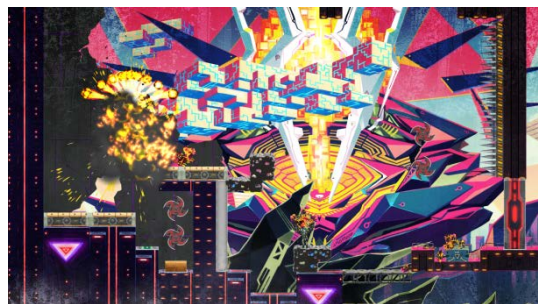

■ THE STORY REACHES ITS ENDING!!

The game story has been updated with the campaign mode during Early Access, and this time it will finally conclude! What fate and future will await the main characters, Reika Rekkeiji and Amane Azuma?

■ BEAT THE FINAL STAGE!

The final stage of the campaign is Vimukti, Fortress of the Flying Nymphs. Each area is full of traps and dangers of the elite robot army, so make full use of all the skills and abilities you have acquired in the game!

■ OTHER UPDATES

- Brush-ups have been made with event graphics.
- Event dialogues can be skipped.
- Difficulty of certain boss battles have been adjusted.
- The game' s loading time has been shortened and optimized.
- Other bugs and issues are fixed.

■ DIRECTOR' S COMMENT

Thanks to everyone who has supported us from Early Access, now the whole story is playable in the game! First time when I reached the ending, it sure was a deeply emotional experience.

But there are still things to be done!

In the next update the game will become the final release version.

Other than game brush-ups, we are planning to localize the game for many languages. We are continuing development, so we can reflect opinions and requests provided from players and improve the game' s quality until the final release, so we hope everyone will be looking forward and enjoy "GIGA WRECKER" !

※ Game is under development. Pictures and game designs may vary from the final release version.
