

To whom it may concern,

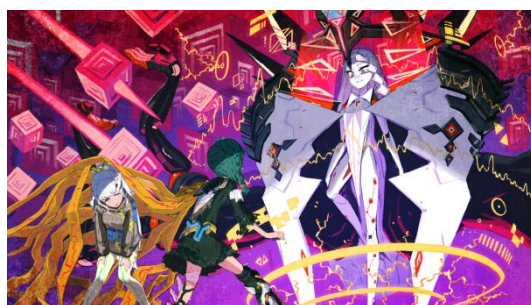

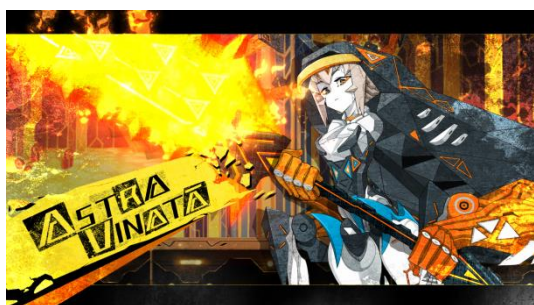

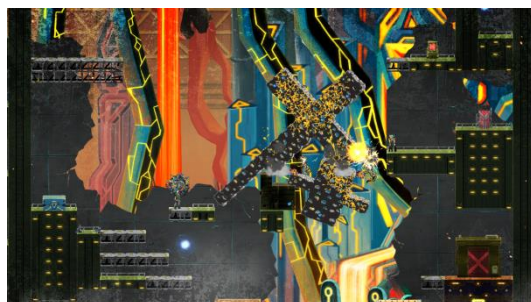

**"GIGA WRECKER", the latest title from Game Freak, is finally released!!**

GAME FREAK inc.(Headquarters: Setagaya Ward, Tokyo. President: Satoshi Tajiri; below, Game Freak) released 『GIGA WRECKER』 on February 6th on the "Steam" PC game delivery platform.

## About 『GIGA WRECKER』

『GIGA WRECKER』, which from August 2016 was repeatedly fine tuned with feedback from users through Steam Early Access, is a 2D action game in which Reika, a girl who has the ability to manipulate rubble, explores a world dominated by legions of fiendish robots. Game Freak, the company behind the "Pocket Monster" series, did the development, and welcomed Asagiri as the graphic concept designer and Shinji Hosoe of SuperSweep co.,ltd. as the sound producer. Please be sure to enjoy this innovative game play that fuses attractive visuals and BGM, as well as action and puzzles.

## Soundtrack release!!

The 『GIGA WRECKER Soundtrack』 will also get a simultaneous release!

It is configured to let you experience the game vicariously through the music.

Also included are songs that are not in the main release, including versions that could only be heard during Steam Early Access!

## 『GIGA WRECKER - Soundtrack Bundle』 is also released simultaneously!!

『GIGA WRECKER - Soundtrack Bundle』, the main release of 『GIGA WRECKER』 and the soundtrack as a set, will also be released at the same time!

You can purchase it here at a sale price commemorating the release!
